

Jose Macias has been the Manager of Development at Advocate Sherman Hospital in Elgin since 2015. In his role he focuses on major gifts to support programmatic services, educational enhancement and innovative approach to healthcare. He finds it rewarding to build and foster relationships that create and maintain connections with a sense of purpose. Nearly all of Jose's career has been in development with a focus in healthcare. Previous roles included Autism Speaks, the American Heart Association, and American Cancer Society. Jose is completing his MBA program from Northern Illinois University in December 2021 and obtained his bachelor's degree from the University of Illinois at Urbana-Champaign.
